ATK COMMERCE TO CONTINUE ALLIANCE WITH PMD TECHNOLOGY

Commerce, California - July 30, 2011 – ATK Commerce, the tank manufacturing arm of the ATK Corporation (NYSE: ATK), has recently concluded its contract negotiation with PMD Technology (PMDT) of North Andover, MA to retain its design and analysis services. PMDT is recognized as the world's leading designer of Propellant Management Devices for use on spacecraft and launch vehicles. The renewed alliance will ensure the continuation of the ATK-PMDT team's leadership position in the pressure vessel industry established in the past two decades.

"The renewal of PMDT service contract will enable ATK to provide continuous support to our current customers and maintain our competitive edge in the market place. It is truly our industry's equivalent of the Dream Team," said Gary Kawahara, ATK Commerce General Manager.

ATK Commerce is the recognized leader in the pressure vessel industry. The company has delivered 5,549 pressure vessels to date, 1,243 of which were pressure vessels containing Propellant Management Devices.
